CHSU SIMULATION CENTER AND PROGRAM

ADHERENCE TO STANDARDS POLICY

I. PURPOSE

The purpose of this policy is to state the Simulation Center and Program's commitment to, and intentions to comply with, the Society for Simulation in Healthcare's (SSH) accreditation standards, International Nursing Association for Clinical Simulation and Learning (INACSL) Standards of Best Practice: SimulationSM and The Association of Standardized Patient Educator (ASPE) Standards of Best Practice. To accomplish the Center's goal of provisional accreditation followed by full accreditation by SSH, these standards will stand as the foundation for all simulation-based experiences.

II. SCOPE

This policy affects all Simulation Center administration and staff, CHSU faculty, staff, and participants (external and internal) who work in and with the CHSU Simulation Center.

III. POLICY STATEMENT

Simulation-based education includes all activities associated with simulating a real-patient experience. The CHSU Simulation Center and Program will incorporate the standards when developing such experiences. This includes evaluation and assessment of outcomes. Detailed procedures for this policy can be accessed in the Standards Adherence Policy and Procedure.
