

California Health Sciences University

CHSU STUDENT PHYSICAL HEALTH POLICY

A wide range of health services are available to CHSU students in the local community. All services are provided in accordance with the Health Insurance Portability and Affordability Act (HIPAA) and are strictly confidential. Students may access these services independently of CHSU.

While CHSU does not have an on-campus health facility, routine physical health services are accessible for CHSU students at many local health care provider offices and facilities. A list of some of these health care options will be maintained on the CHSU website and in the office of the provost.
