COLLEGE OF OSTEOPATHIC MEDICINE COURSE REPEATS POLICY

Should a student fail to academically progress while enrolled in the medical school, and based on the totality of the student's academic performance while enrolled, the Student Progress Committee (SPC) may recommend that a student repeat an academic year in order to establish a firm foundation to assist the student in their studies of the previously-taken subjects.

Students approved for readmission after a period of suspension or an approved leave of absence may also be required to repeat previously taken courses.

All course enrollments and earned grades will remain on the student's academic transcript. Once a student successfully repeats a course, the highest grade a student can receive is [RC] (successful remediation with a grade of C). If the successfully repeated course is a clerkship, the grade will be recorded as a [P] on the transcript.
