II. ADDITIONAL FEES STUDENTS MAY INCUR

In addition to the required institutional fees, students may incur other fees and costs. For example, students will incur an additional fee if their payment is late, if they withdraw from any University program and then return to the University, if a student's check is returned for any reason when a student makes any payment to the University, if the student's ID card is missing and for printing/copying costs.

A list of additional institutional fees students may incur is provided below. The University reserves the right to change any of these fees, to add additional fees, and to make modifications to services related to such fees at any time without prior notice.

Late Payment Fee	A late fee of fifty dollars (\$50) will be assessed each month on all outstanding tuition and fees balances until payment is received in full, except when the late payment is caused by a delay in either private or public student loan disbursement, through no fault of the student.
Registration Reinstatement Fee	\$50.00 (one-time fee) upon the student's return to the University.
Returned Check Fee	Returned check fee shall be \$25. For each subsequent returned check fee for the same installment an additional \$25 fee will be charged. If collections efforts become necessary, the student is responsible for all costs incurred to collect the outstanding debt, including but not limited to principal, accrued interest, late fees, collection fees, and any legal fees.

IV. TUITION REFUNDS

The below describes when students may become eligible for partial or complete tuition and fees reimbursements and how such reimbursements will be calculated.

A. Right to Cancel and Refund

A student has the right to cancel their enrollment agreement and obtain a refund of all charges paid through attendance at the first class session or the seventh day after enrollment, whichever is later, less the two-hundred and fifty dollar (\$250) non-refundable enrollment confirmation fee.

B. Withdrawal and Eligibility for Tuition Refund

A student who withdraws from CHSU prior to the completion of sixty percent (60%) of the semester, but after the seventh day of enrollment, is entitled to a pro-rated refund of unearned institutional charges (i.e., tuition and refundable fees) as described in California Education Code 94920.

A student who withdraws after completion of sixty percent (60%) of the semester is not entitled to any refunds.

California Health Sciences University

For the purpose of determining a refund under only this section, a student shall be deemed to have withdrawn from a program of instruction when the student withdraws or is deemed withdrawn in accordance with the Withdrawal and Leave of Absence policies stated in this Catalog.

Partial attendance or withdrawal from some courses will not entitle a student to any refund under this policy.

C. Calculation and Payment of Refund

For purposes of tuition refund calculations, the withdrawal period will be measured from the date the student actually stops attendance in all courses. Once all calculations are complete, the Business Office will bill or refund the student for any outstanding balance.

The following formula can be used as an example to calculate the refund:

1. Total days in current term – Days in current term completed = Total days not completed
2. Total days not completed/Total days in current term = % of pro-rata refund
3. (Institutional charges* x % of pro-rata refund) – Non-refundable fees** = Total refund owed

*Unearned institutional charges in the pro-rata refund include current term tuition

**Non-refundable fees and charges are: (1) all non-refundable fees as described in the Catalog; (2) Student Tuition Recovery Fund fee; and (3) student health insurance premium, if applicable;

Students are not entitled to reimbursement of any outstanding charges that the student has not yet paid to the University.

If the amount of the current term payments is more than the amount that is owed for the time attended, then a refund of the difference will be made within forty-five (45) calendar days after the notice of withdrawal is received by the Office of the Registrar.

If any portion of the tuition was paid from the proceeds of a loan or third party (i.e., scholarship provider etc.), the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that issued the loan.

This refund policy is subject to change if there are future changes to institutional policies with which it may conflict. A calculation for the return of funds will be completed within thirty (30) days of last day of attendance at the school, or a calculation for the return of funds will be completed within thirty (30) days of the school's determination that a student has ceased attendance without proper notification.

California Health Sciences University

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, on any remaining amount shall be paid to the student.

V. CHSU FINANCIAL DISCLOSURE

California Health Sciences University DOES NOT have a pending petition in bankruptcy, nor is the institution operation as a debtor in possession, nor has the institution filed a petition within the last five years, nor has it had a petition in bankruptcy filed against it within the preceding five (5) years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code.

VI. STUDENT RIGHTS UNDER THE STUDENT TUITION RECOVERY FUND (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all of part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if either of the following applies:

1. You are not a California resident, or are not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

California Health Sciences University

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program. To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120-day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

California Health Sciences University

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.
